2. LIBRARY SERVICE TRENDS
   A. REPORT: Items Not Checked Out in 3 Years & Weeded + Libraries with Increased Circulation
      1) 75% (15 of 20 libraries) of the libraries that did increase circulation for the period 2014-2015 also had a positive % for weeding items not circulating.
      2) Library Journal - June 23, 2015 - The Art of Weeding | Collection Management
         Meanwhile, freeing up physical space devoted to books that never leave the stacks makes more room to buy new materials that will circulate—and sometimes cash to do so, when weeded materials are resold. As more room is devoted to shared resources other than materials, such as Maker spaces and community meeting rooms, space for collections may be contracting altogether—and that means clearing out books that don’t circulate the way they used to (and maybe a few that never did).

2) Recommendation #1 to Board - 2016 Member Assessments Reduction

         (b) All bids for continuing the current 6 day MHLS Delivery Service were higher than the current contracted amount.
         (c) MHLS Delivery Services should be changed to 5 days a week.
         (d) Based on the bids for 5 day service, ALD’s Year 1 and 3-Year prices are the lowest bids.
